Serial No.

From

The Inspector-General of Police,

Letter no. C.C. 19/31-32 dated 9.6.32 forwarding detailed proposals for revising the scales of pay of Inspectors & Sub-inspectors, reorganising the grades of Jamadars & Daffedars' pay and raising the initial pay of the Constabulary.

1) In accordance with the direction contained in para 3 of the G.O dated 11.5.32 the I.G.P has now formulated the details of his proposals. It is proposed to fix the cadre of Inspectors at 96 in all the three grades, & of the Sub-inspectors at 173 in the three grades. For Jamedars & Daffedars, two grades one upper & lower the former containing two sub grades & the latter, five sub grades, are proposed. The upper grade (Jamedars) cadre is fixed at 60 men & the lower 515 men carrying a pay of Rs 32-35, and 21 to 30 respectively. For the Constables an initial pay of Rs 15 is proposed, and the no of constables proposed to be fixed is 4922 as against 5128 as actually exist at present, resulting a reduction of 206 men.

2) It is also proposed to augment the no. of clerks in some of the Dist Police Offices to the extent of relieving the Sub-inspectors from the charge of Dist Stores which may as well be attended to by clerks. The no of new clerks proposed is 9, (2 in

upper grade, 6 in the lower grade & 1 in the third grade.

3) A grade pay of Rs 60 - 5 - 80 is proposed for the European Traffic Head constables with a house rent of Rs 10

An addition of 2 naicks & 13 constables is proposed for the Provincial Reserve Police. page 12 para 19 (c) P.W.

In making the above re-organisation certain changes in the distribution of bands in the pay & the present charge of duties is proposed page 6 P.W.D. (vide Statement A & B.)

4) Necessary proposition Statements have also been made & they are required to be verified by the Comptroller. (Statement C)

It is stated that the proposed re-organisation of the Sub-ordinate Staff results in a savings of Rs 228 per annum excluding the savings effected under Equipment Clothing & Subsistence for which

5) 21/6/32 before further working up, it would be useful if the proposition statements are verified by the Comptroller as regards Same Strength & financial commitment. This was requested in para 3 of D.O. No. 5-32 dtd 21/6/32 The proposed cost is 187 per mensem in excess of the present. The D.I.G.P. refers to a Saving of Rs 19 per mensem, setting the increase of 187 against the savings of 206 pm the effects under Equipment & Clothing (vide page 1 & 2 of Enc. C.

6) Has the D.I.G.P sent a copy to the Comptroller for verification? It may be enquired unofficially from the Comptroller's office.

10) In the G.O. dated 4th May 1932, Government agreed to consider the proposals for re-organisation of subordinate ranks including Constables if it is found that the extra cost on account of their introduction would be substantially covered by the savings expected as a result of the further reductio of the force. The I.G.P was requested to forward proposals both as regards improvements of pay and reduction of numbers. He has now formulated his proposals for raising the scales of pay of Inspector and Sub Inspectors, reorganising the grades of Jamedar and Duffedar and raising the basic pay of the constabulary to Rs.15/-. The present proposal imply the following alterations in the administratio of the Department:-

1. Replacement of Prosecuting Inspectors by Sub Inspectors.

This has been already approved by Government. In each district the Prosecuting staff will consist of One Inspector, the rest of the officers being Sub Inspectors.

2. Combination of two taluks under one Inspector charge in the four places viz:-

(i) Madhugiri and Koratagere taluks,
(ii) Arakalgud and h.N.pur taluks,
(iii) Chennapatna and Closepet taluks,
(iv) Mandya and Maddur taluks.

This is merely merging newly constituted taluks with old taluks with which they were originally connected for purposes of police administration.

3. All sub taluks will be merged in the taluks of which they originally formed part for purposes of Inspectors' jurisdiction.

Items 2 and 3 above will not affect the police jurisdiction of the Amildars and Deputy Amildars in those taluks. The Inspectors who ~~has~~ have the combined charge will send to the concerned -

NOTE—Contn. Sheet

WD 02553—50,000—GPB—8-7 30

Amildars and Deputy Amildars their station diaries of their respective taluks or sub taluks .

4. Reduction of investigating centres, on account of the paucity of crime in some places. This will effect a reduction in the sub Inspectorate but this reduction will be counter-balanced by increase of Sub Inspectors for prosecution work.

5. Sub Inspectors in charge of Stores in District Police Offices to be replaced by clerical staff.

6. Grades of Jamedar and Duffedar will be amalgamated into an improved cadre of Duffedars. This will have two classes, the senior consisting of qualified men fit for promotion to Sub Inspector's Grade, and continuing to bear the distinctive title of Jamadar, while the junior class will consist of qualified as well as unqualified men, the qualified being entitled to raise to the senior class, and the unqualified merely getting promotions as Duffedars up to its limits. The strength of Jamedars and Duffedars will also slightly be reduced.

7) The Constabulary will be further reduced in view of better work expected of more highly paid and better qualified men. The number of Inspectors will be reduced from 116 to 96 including one which it is proposed to add to the staff of of the Provincial Training School. The Inspectorate will consist of 3 grades, viz., Rs.150, Rs.125/- and Rs.100/- and the number in these grades will be 16, 32, and 48 respectively.

8) The number of Sub Inspectors will be reduced from 176 to 173. This will consist of 4 grades, of Rs.80,Rs.70, Rs.60 and Rs.50, the number in each grade being 18,36,54 and 65 respectively. The present officers will be fixed in the grade nearest to their pay, the balance being given as Personal Allowance till the next promotion. Promotions will be on the principles of efficiency already approved of by Govt. The I.G.P does not propose to make the promotions to the grades en bloc but gradually and as the merit of officers warrants, care being taken to see that the funds allotted are not exceeded. The excess of the present staff of Inspectors and Sub Inspectors over the proposed staff will be 17 officers. Of these, 12 officers are on O.O.D.

Serial No.

The balance of 5 officers, it is expected, will disappear during the current year owing to retirements and will in the meanwhile be utilised in acting and leave vacancies.

According to Comptroller's verified statement.

a, At present there are 32 Jamedars and 584 Daffedars, and under the proposed scheme there will be 605 Duffedars. These will consist of 60 officer of the senior class, 20 being on Rs.35, ~~and~~ 40 ~~and~~ on Rs.32 and 545 will be in the junior class, the grade being Rs.30, Rs.27, Rs.25, Rs.23 and Rs.21 and the number in each being 36,72,108,144 and 185 respectively. After the new grades come into force, the local allowance of Rs.2/- to Daffedars in the cities of Bangalore and Mysore will be abolished except to the last class of Daffedars if he is posted in for work in the two cities.

b, The three European Head Constables on Rs.50-5-75 will be retained, the maximum of the grade being raised to Rs.80.

There are at present 5161 constables. This will be reduced to 4922, the minimum pay being ~~Rs~~ Rs.15/-. 418 of these who are getting Rs.15 plus Rs1/- (P.A.) at present will be on the same pay.

The number of constables in the Provincial Reserve Police will be increased from 524 to 537. The Huzur Treasury guard will be taken over by the provincial reserve police ~~in~~ from the Bangalore city police and this necessitates the increase in the strength of provincial reserve constables.

The clerical staff in the Head Office and other offices will be increased from 96 to 105.

NOTE—Contn. Sheet

WD 02553—50,000—GPB—8-7 30

The extra cost involved in this change is Rs.608-12-0 p.m. and this is more than off-set by reduction of 11 hands in the Sub Inspector's grade, costing Rs.690 p.m.

The Jamedars and Duffedars at K.G.F are being paid a local allowance of Rs.10/- at present. The I.G.P proposes reduction of this allowance to Rs.7/-, ~~and that~~ in the case of future incumbents and also present incumbents whose substantive pay is increased under the present proposals, the maximum of the combined pay and allowances ~~be~~ limited to Rs.37/-. He does not propose a ~~limit~~ reduction in local allowance of the ~~xxxx of Duffedarxxx~~ Jamedars.

The local allowances to Subedars, Havaldars and Naiks will be on the same scale, the Subedars being classed as Jamadars, and Havaldars and Naiks as Duffedars. In regard to local allowances of these officers (Jamadar, Duffedars) in K.G.F, it has already been ordered in the file regarding allowance in the Police Department that the local allowance to Jamedars and Sergeants and Duffedars in Bowringpet town ~~xxx~~ K.G.F may be reduced to Rs.5/- in the case of future incumbents and that of constables may be reduced to Rs.2/- in the case of future incumbents. The File is in the Financial Secretariat for issue of orders.

As regards Malnad allowances paid to Inspectors in Saklespur, Mudigere and Koppa, it has already been noted ~~xxxx~~ in the allowance file that the allowances may be abolished with change of incumbents.

The total financial effect of the entire proposals of reorganisation as formulated by the I.G.P will be a saving of Rs.19/- p.m. There will be an increase of Rs.187/- p.m. on accounts of salaries, etc, but there is a saving of Rs.206 p.m. under equipment and clothing on account of the reduction in the number of officers, thus resulting in the net saving of Rs.19/- p.m or Rs.228/- p.a.

In verifying the proposition statement, the Comptroller observes that there are only 32 Jamedars on the audit registers, while the I.G.P has taken it as 33. Probably the reduction of a Jamedar ordered in the crime branch

Serial No.

in April last has not been taken into account by the I.G.P. According to Comptroller, there are 5161 Constables while the I.G.P takes it as 5160. This is probably due to the omission by the I.G.P of the additional constable for French Rocks Circle sanctioned in G.O dated 7th May 32. The I.G.P's figures in regard to the financial result require slight modification. Taking the Jamedars' pay as Rs.40 and that of Constable as Rs.15/-, the net result will be increase in the cost by ~~Rs40 minus 15 minus 19~~ Rs 40 - (15+19) or Rs.6 p.m or Rs.72 p.a. The Comptroller also observes that the present cost in the case of constables is worked out on the basis of actual figures as given in the budget estimates for 32-33 instead of taking into account the average cost. This will show the exact increase or decrease of in the present proposals. The Comptroller further observes that the local allowance sanctioned for Havaldars and Naiks of the P.R.F sanctioned at K.G.F is not covered by the specific orders of Govt. This is the allowance taken into account in the budget estimates for 32-33. The I.G.P. observe that already the effects of better pay and better prospects have made them also fall and that the enhanced emoluments proposed will prove beneficial to the department in the State as much as they will be an incentive to the present officers to properly perform their duties and also they may be expected to attract recruits of better qualifications.

(11) The detailed proposals now received from the I. G. of Police are generally on the lines tentatively accepted by Govt already.

12) The proposition statement, verified by the comptroller, shows that the extra cost (if any) of these proposals will be negligible.

13) The grant of personal allowances to such of the existing hands as do not fit in into the new scale might entail some additional expenditure for a time. But the I.G. says that it is not proposed to give promotions en bloc and that care will be taken to see that the funds allotted are not exceeded in any case.

14) The proposal to place two Talukas under a single Inspector in certain cases is put forward as an experimental measure. If this arrangement were found unsuitable and each Taluk had to be given a separate Inspector (ordinarily) there would be some additional cost on this account but it would not be very appreciable.

15) Orders have already been passed as regards allowances. Subject to these orders, the scheme of reorganisation proposed by the I.G. of Police

17) The proposition statement shows a saving of Rs 19/- per mensem or Rs 228/- per annum. This, I am afraid, does not truly represent the immediate extra cost to Government. The saving in the proposition statement has been arrived at by setting off the extra cost due to increased rates of pay which comes to about Rs 56,304/- per annum against savings due to the reduction in number. The immediate extra cost on account of increase of pay etc and the grant of personal allowances in certain cases, where an officer has to be fixed up at a lower stage of pay than what he is now getting, will come to about Rs 6,450/- per month or Rs 77,400/- per annum.

18) If the proposals are sanctioned, the extra cost will take immediate effect, while the saving due to reduction of staff will not be automatically and ~~incidentally~~ immediately obtained. It will be actually realised only when such reduction is effected ~~and this~~ which may take some time, and may also involve practical difficulties. It will also involve extra cost in the shape of pension charges which must also be reckoned.

Though the Inspector General of Police has stated something as to how reduction in the number of Inspectors may be given effect to by leaving unfilled certain vacancies due to the deputation of men for Sandal Petrol duty etc., he has not stated anything as to how and when the reduction in the number of Duffedars and Constables is going to be effected and on this point information may kindly be obtained from him. The number proposed to be reduced is very large, being 20 Inspectors, 3 Sub Inspectors, 39 Duffedars and 225 ~~250~~ Constables. It is also a point for consideration whether, later on, restoration of some at least of the number now proposed to be reduced will not be felt necessary in which case the reduction now effected will be neutralised. It would also be better to get a detailed statement showing the number of people and the total amount of personal allowances that may have to be given in accordance with para 7 of his proposals.

19) The Inspector General of Police says that "it is not proposed to make seriatim arrangements en bloc but gradually, * * * * care being taken to see that the funds allotted are not in any case exceeded." What exactly is meant by this is not clear. If he means that a certain amount will have to be provided for in the Budget every year for providing for a portion of the increased pay now proposed, some more definite information may be obtained as to how much will be necessary each year. This also goes to show that the scheme is not one which will not involve extra cost but

NOTE—Contn. Sheet.

but will really require the provision of extra funds in the Budget. In particular, he may be asked to state what extra funds may be necessary in the current year's Budget and how they are going to be provided.

20) The number of appointments in the first two grades of Inspectors now proposed appears to be larger than what would be necessary to provide for increases to the existing incumbents in the Inspectors' grade. This may result in some people getting double and triple ~~increment~~ promotions. Perhaps, the number in the higher grades may be limited to the minimum required to provide for some increases to the men in the next lower grade.

21) The decrease in the number of officers & men in the proposed scale is 20 Inspectors, 3 S.I's, 39 Jamedars & 238 Constables i.e 300 in all. As against this there is an increase in the proposed scale of 27 Jamedars, 2 Provincial Reserve Naiks & 13 P.R. Constables i.e 42. Already 32 Constables have been eliminated from the present scale. Thus 300-42-32 = 226 persons have to be retrenched. By reverting acting officers to their permanent places in the next lower ranks, ultimately

Serial No.

226 Constables will have to be eliminated. This will be the utmost figure for retrenchment without taking into account the possible retirements in the next three or four months. It is ascertained from the A.S.P. that there are a very large number of acting Constables who can be thrown out at once without their having any claim on forth: & that 226 acting men can be found for retrenchment. It is stated that a large number of Constables were recruited when the Treasury Grants scheme was sanctioned in January last & that these recruits & subsequent recruitments have all been kept on the acting basis. This retrenchment & allocation into the new grades can be effected simultaneously & if this is done there will be no extra cost according to the proposition Statement.

22) As regard to reversions there are it is stated sufficient number of acting men in each rank who can be reverted to the lower rank so as to bring each rank to the limits in the proposed scale. As Inspectors the excess is 20. 2 have retired & 2 will retire by Oct. next & there are 16 acting men who can be reverted as S. I's. There is excess of 3 in S. I's & 3 are due to retire by Nov next. There will be 16 who are reverted from Inspectors rank. There are it is stated 16 acting S. I's who can be reverted as Jamadars & these can be absorbed there as there

is an increase in the Jamedars' scale. 4 Jamedars will retire. Allowing for the reversion of 16 S.I's 15 daffedars can be promoted as Jamedars. out of the excess of 39 daffedars, 24 will have to revert as Constables, & there are a large number of acting daffedars.

23) The 16 inspectors to be reverted may be fixed up as this grade S.I's & on Rs 80/- their being 18 posts, Their present pay in the lower grade being Rs 75/-. Among S.I's, 65 will have to be given Rs 50+5 i.e P.a of Rs 5 each. Among Jamedars 20 will get p.a of Rs 5 & 13 p.a of Rs 8/-. Among daffedars there are several grades in the new scale & adjustments are possible without p.a. The amount of possible p.a is about Rs 325 + 204 or 529 p.m. The D.G.P proposes to find this money by not filling up the higher grades of Inspectors & Sub Inspectors all at once, but gradually having regard to the condition that no extra cost should be incurred. In the Inspectors' Cadre itself according to the D.G.P's letter There will be 6 in I grade & 7 in II grade against the scale of 16 & 32. This itself will result in a saving of Rs 25 x 35 = 875 p.m. It seems to us therefore possible to make the allocations without exceeding the budget grant.

Final Note by the Second Member of Council.

13)

Subject:—

Improvement of the pay and prospects of the subordinate police staff.

In 1931, the Inspector General of Police, submitted comprehensive proposals for the reorganisation of the Police Department. Some of the proposals were sanctioned in August 1931 while others including the subject under consideration were deferred.

In February 1932, the Inspector General of Police, submitted among other matters recommendations for revising the scales of pay of the Inspectors and Sub Inspectors, amalgamating the grades of Jamadari and Daffedari and raising the initial pay of the constabulary to Rs.15. The recommendations were accepted tentatively, on the understanding that no extra cost would be involved and definite proposals were called for in Government Order dated the 4th May 1932.

The Inspector General of Police accordingly submitted detailed proposals in June 1932 for the reorganisation of the subordinate staff. The proposals which are graphically indicated at pages 5 and 6 of the paper under disposal are the following:-

(a) Inspectors. The number of Inspectors will be reduced from 116 to 96 and this will be classed into three grades, viz., Rs. 150, 125 and 100 instead of six. The number of officers in each grade will be 16, 32, 48 respectively

(b) Sub Inspectors. The number of Sub Inspectors will be reduced from 176 to 173. There will be four grades of these officers drawing Rs.80, 70, 60 and 50, instead of two only as at present. The number of officers in each grade will be 18, 36, 54 and 65 respectively.

(c) Jamadars and Daffedars. The grades of Jamadars and Daffedars will be amalgamated, the Jamadari being composed of officers eligible for promotion to the grade of Sub Inspectors. Persons not qualified or fit for promotion to higher ranks will remain Daffedars receiving promotions within and only up to the limits of that grade, while eligible Daffedars will be promoted as Jamadars. The number of Jamadars will be raised from 32 to 60. There will be two grades, 20 drawing Rs.35 and forty Rs.32. The strength of Daffedars will be reduced from 584 to 545 and

they will be divided into 5 grades. The number in each grade will be 36, 72, 108 and 185 on Rs.30, 27, 25, 23 and 21, respectively.

(d) Constables. The basic pay of the constabulary is proposed to be raised to Rs.15 so as to make the service more attractive. The number of constables will be reduced from 5161 to 4922.

An increase in the strength of the Provincial Reserve Police by 2 Naiks and 13 Constables is proposed for the State Huzur Treasury Guard duty at Bangalore, the Bangalore City Police constabulary being reduced to that extent.

The reduction in the number of Inspectors is proposed to be accomplished (i) by alloting one Prosecuting Inspector to each district and manning the rest of the prosecuting staff by Sub Inspectors, (ii) by combining two taluks where the investigation work is light and placing them in charge of one Inspector and (iii) by placing sub taluks under the supervision of the Inspector of the taluks to which the sub taluks are attached.

The number of Sub Inspectors will be reduced by reduction of the number of investigating centres and by replacing the Sub Inspectors in charge of stores in District Police Offices by clerks. The ministerial staff of the Department will be accordingly increased by 9 clerks, viz., 2 first class on Rs. 70-5-95, 6 second class on Rs.50-4-70 and one third class on Rs.30-3-45.

The pay of three Anglo-Indian Head Constables will be raised to Rs.50-5-80 from Rs.50-5-75.

The excess in the number of Inspectors is expected to disappear during the current year by retirements. With a view to keep the expenditure involved within the limits of the present budget the Inspector General of Police will not make promotions en bloc but gradually, and the number of places in the higher ranks necessary to balance the extra cost involved in the retention of supernumeraries and grant of personal allow-

21

allowances, will be kept vacant.

In the allocatin there are several
cases of supersession in which no remarks
as to the merit & demerits of the officer

given by the D. Tr of Police.

It is not also explained why officers
getting a lower pay i.e Rs 75/- are

some getting a higher pay i.e Rs 95/- & 85/- are not accommodated in the Inspectorate but put down in the Sub-inspectorate.

For the purpose of allocation only the permanent pay of the officer is to be shown; the proposed Acting pay indicated in the Statement ~~against them~~ may not be necessary.

It is shown that 7 places in the 1st Class, 20 in the 2nd Class, and 2 in the 3rd Class, inspectorate are vacant. But ~~appoint~~ acting appointments to the extent of the above number of vacancies in the aggregate have been made in the 4th Class Sub-inspectorate seeing that the number of 4th Class Sub-inspectors at present is 105 as against the sanctioned strength of 65 and the supernumeraries in the inspectorate ~~accommodation~~ to be provided in the Sub-inspectorate are only 20. 105?

It may be that promotions of Officers might have been based on the principle suggested by the D. G. Officer referred to in G.O. dated 4.5.32. But, ~~H~~ conft remarks of the D. G. Officer in each ~~of~~ case of Sub Division, may be necessary as to the reason why the officer was promoted last para flag 'A'

If approved the D. of Police may be addressed on the above point.

It is for consideration whether the Comptroller's observation, if any, on the allocation may be awaited & the D. of Police addressed on the points thereafter including the points raised from the audit side.

30/11/32

51) A gradation list as it stood on the 1st November 1932 is put up, together with a Statement of officers superseded in the allocation.

The Comptroller has since forwarded the allocation Statement duly verified.

Regarding the point raised by the Comptroller in the 1st para of his letter it may be said that the allocation of the Daffedars & Constabulary etc may not be necessary as the necessary information for the purpose of verification & gauging the financial effect, is contained in the proposition Statement.

As regards the point in the 2nd para it may be said that in giving effect to the reorganisation, the D. of Police reduced the gives reduction as contained in the G.O. Dated 21-10-32 & it has been recently communicated in the letter dated 15-11-32

The correction must be made in the proposition Statement sent with the Comptroller's letter in flag A in the file, after return.

copy of which has been forwarded to the Comptroller simultaneously that the date of effect is 1. 12. 32.

In order to keep down the present cost of the Sub-ordinate Staff as sanctioned in the reorganisation, some of the places in the higher grades are kept vacant and officers are appointed thereagainst in the last grade Sub-Inspectorate. This is in conformity with the directions contained in the last two paras of the Go. The officers now promoted in the several grades are given the minimum pay of the grade. This meets the point in para 3 of the Comptroller.

Para 4. The 5th grade Daffedars that are posted to the cities will be a small number & the allowance of Rs 2/- granted to them has been taken into account in the order dated 6. 12. 32 re the allowance.

Para 5. The no. of Constables entitled for personal allowance of Re/ is shown in the proposition Statement.

As regards the point in the 6th para a Statement showing the financial effect of the allocation with reference to expenditure that has to be incurred immediately is submitted in the next page

52) The I.G.P. has sent an allocation statement of officers of and above the rank of Jamadars.

In verifying this statement, the Comptroller has sent an abstract according to which it is stated there will be an extra cost of Rs. 923 per mensem. The Comptroller observes that without taking into account the other portions of the reorganisation relating to Daffedars, Constables, ministerial establishment etc in some of which there is savings on account of retrenchment, the financial effect of the present proposals cannot be gauged.

53) But according to the I.G.P. there will be savings in the allocation proposed by him in these three classes and ~~this~~ figure is Rs. 1039 savings per mensem. The Comptroller in his abstract has taken the expenditure as it would be if the full sanctioned strength is filled up in all the grades of Inspectors and Sub Inspectors. The Govt. order was that a certain number of vacancies should left unfilled in the higher grades, and this is what the I.G.P. proposes also in his statement.

54) If the number actually filled up permanently as shown in I.G.P's statement is taken into account, the cost will be as follows-

		present cost
Inspectors	Rs. 7,300	11,046
Sub Inspectors	13,620	10,380
Jamadars	2,184	1,280
	23,104	22,706

Extra cost 398 per mensem

Some of these are on other duty, and the I,G.P. has

NOTE—Contn. Sheet.

proposed to appoint others to act as Inspectors. Thus if the actuals including the acting persons are taken into account the cost will be as follows;—

Inspectors	Rs. 9,985
Sub Inspectors	Rs.10,465
Jamadars	2,184
Present cost	22,706 ~~22,634~~

Savings Rs 72 per mensem.

55) Thus the extra cost, if any, on the present proposals will be Rs. 398 per mensem while if the actuals are taken into account there will be savings of Rs. 72. The I.G.P. has not taken into account the extra 27 Jamadars and arrives at a savings of Rs. 1000 per mensem. No doubt to the extent that the Jamadars cadre is increased the daffedars cadre will be decreased.

[Under the reorganisation the Jamadars are increased from 33 to 60.]

56 The Comptroller observes that many of the Inspectors drawing Rs. 85 and 75 are provided with places on Rs.100 in preference to those drawing Rs. 95 and 85 who are proposed to be given personal allowances in the grade of Sub Inspectors and ~~confirmed~~ continued as Inspectors. The personal allowances can be reduced by adhering to seniority and ~~for~~ proposing persons of higher salary to posts carrying higher salary.

57) The I.G.P. does not state why some are passed over. Further in the allocation some juniors on Rs. 85 and 75 are posted permanently on Rs. 100, while seniors who are drawing Rs. 95 and 85 are appointed to act on Rs. 100 and some others are kept in their present pay.

Serial No.

58) It is reasonable to infer that those who are appointed and thus also are confirmed as deputies Rs 90 as lower pay to act on Rs. 100 as third class Inspectors are considered fit and efficient by the I.G.P. If so, there is no reason why they should loose their rank and seniority, and juniors on Rs. 85 and 75 should supersede them.

59) In the order of May 1932, it has been observed that promotion will be by selection and that the unfit should be eliminated by premature retirement, if necessary, The allocation cannot be made arbitrarily. Thus except those who are considered inefficient and who are to be eliminated, the allocation may be made in the order of seniority. This has also the advantage of obviating the necessity for granting personal allowances to a fairly large number. According to the I.G.P.'s allocation personal allowances amount to Rs. 385 per mensem or Rs. 5775 p.a. A large portion of this will be saved by making the allocation according to seniority and the allocation may be sanctioned subject to this modification.

61) In para 8 of G.O.No. P.2236-46/Pol,208-31-5 dated 21st October 1932 sanctioning the proposals of the Inspector General regarding the reorganisation of the subordinate staff of the Police Department, it has been

—Contn. Sheet.

been laid down that to the extent that extra expenditure due to the retention of supernumeraries and the grant of Personal Allowances is to be incurred, a corresponding saving should be effected by leaving some of the higher classes of the offices vacant. The allocation statement now sent up by the Inspector General deals only with officers of and above the rank of Jamadars and excludes Clerks, Daffedars and Constables. The present cost is Rs 22,706/- per mensem while the immediate cost as per allocation statement will be Rs 22,634/- per mensem. Including Rs 470/- being the cost on account of nine additional clerks sanctioned to replace nine Sub Inspectors for stores work (calculated on the minimum pay of the appointments), the total immediate cost will be Rs 23,104/- per mensem and the extra cost on account of allocation will amount to Rs 398/- per mensem

(2) The Inspector General expected to realise a saving of Rs 1,023/- per mensem by reducing the number of Daffedars and Constables by 39 and 239 respectively. Before sanctioning the allocation now sent up, it is necessary to ascertain (1) how far the reduction has been given effect to, (2) the savings actually realised on this account and (3) the amount available after setting off the amount required for the increased of pay sanctioned to the Daffedars and Constables.

(3) As observed by the Under Secretary in para ..... of the notes, certain Inspectors drawing Rs 85 and Rs 75 per mensem have been promoted as Inspectors on Rs 100/- while Inspectors drawing higher salaries have been reverted as Sub Inspectors and granted personal allowances equal

equal to the difference between their present pay and the pay of the Sub Inspector's post. The cost on account of personal allowances will be reduced if persons drawing higher salaries are preferred to the Inspectors' posts on Rs 100/-

64) As far as I can see there will be no extra cost in the matter. But I shall like that to discuss this with the I.S.P. if he feels it convenient to call over here tomorrow at about 2 P.M.

16.1.33

65) I went into this with the I.S.P. & I am satisfied that there will be no extra cost in respect the selection of men on Rs 85 for inclusion in the list of Insps which means Rs 95 on appointment as Sub Insps — the I.S.P. has good reasons in every case. The proposals of the I.S.P may be sent & orders may issue without delay.

OFFICE OF THE INSPECTOR GENERAL OF POLICE
IN MYSORE.

Camp: Yelwal,
Dated ~~Bangalore~~ 9th June, 1932

From

F. A. HAMILTON, Esq., C.I.E.,
Inspector General of Police in Mysore,
Camp: Yelwal. ~~BANGALORE.~~

To

N. MADHAVA RAO, Esqr., B.A., B.L.,
Chief Secretary to the Government of Mysore,
Camp: Mysore.

SIR,

With reference to Government Order No. P. 6346-57/Pol. 207-30-29 dated the 4th May, 1932, I have the honour to formulate in detail my proposals for revising the scales of pay of Inspectors and Sub Inspectors, reorganising the grades of Jemadar and Duffedar and raising the minimum pay of the constabulary to Rs.15/-. It is proposed to achieve these ends without incurring any extra - expenditure to Government.

For the purpose in view a re-examination is made of the allocation of the department sanctioned in Government Order No. P. 1011-22 Pol.207-30-9 dated the 15th August, 1931, as modified by Government Order No. P. 3716-27/ Pol. 136-31-2 dated 6th January, 1932, approving of the transfer of the Treasury Guards in the State to the Police Department. 1) On the experience obtained during the past nine months, it has been found that certain - alterations may with advantage be made in this allocation and also that certain further reductions in staff may safely be effected. A fairly large reduction in the force was approved of by Government in Government Order No. 1011-22/Pol. 207-30-9 dated the 15th August, 1931. It was intended that the savings then effected should be utilised in the interests of the department, chiefly in the direction of increasing the pay of the constabulary. These funds were, however, appropriated by Government - temporarily, it is

true - in the cause of retrenchment. 2) It is now proposed to make further sacrifices in the strength of the force in order that the pay and prospects of practically the whole of the subordinate staff may be improved. Such a step is essential if an improvement in the work of the force is to be initiated: I have already urged that the emoluments of all grades are inadequate and that a satisfactory return on the outlay made cannot be expected unless officers are sufficiently remunerated to make it worth their while to display an interest in the work. 4) At the same time, it has to be remembered that the sacrifices in quantity now proposed cannot be safely adopted unless there is an improvement in the quality of the work turned out. 5) That such an improvement will follow I am confident, but that will be the case only if the savings effected are utilised to give officers of all grades enhanced emoluments and in them an incentive to the proper performance of their duties. 6) Not alone may the work of the existing staff be expected to improve but recruits of better qualifica-tions will be attracted to the department. It is in both these directions that the proposals made will, if adopted, prove beneficial to the department and the State and the present unwilling or lethargic application to duty be removed.

2.(a) The present proposals imply no radical altera-tions in the administration of the department. 1) The replace-ment of Prosecuting Inspectors by Sub Inspectors already approved of will be given effect to. 3) In only four instances is it proposed to place Inspectors in charge of more than one Taluk for which purposes (i) the Madhugiri and Koratagere Taluks (ii) the Arkalgud and Holenarsipur Taluks, (iii) the Chennapatna and Closepet Taluks and (iv) Mandya and Maddur Taluks will be placed in charge of a single Inspector. 3) All Sub Taluks, to secure the supervision of the Inspectorate, will be merged to this extent in the Taluks of which they originally formed part.

4) The number of Investigating Centres will be to a

slight extent further reduced in such instances as the paucity of Crime does not justify the retention of the existing large investigating staff. A variety of measures is proposed for adoption. a) The existing practice of placing a single Inspector in charge of a Taluk which is being done in the Nagar, Sagar, Thirthahalli and Molakalmuru Taluks and which has been found to work satisfactorily will be continued. b) In other Taluks, as Honnali and Devanahalli, a single Investigation Centre will be retained with an Inspector and Sub Inspector as Investigating Officers. c) In others, as Heggadadevankote and Yedathore, two Investigation Centres will be maintained with an Inspector in charge of the Head Quarter Station as well as the whole Taluk and a Sub Inspector in charge of the second Station. In such cases and where an Inspector is in sole charge of a Taluk, he will be given a competent ~~Duffedar~~ Jamadar to supervise the work of the Station while he is on tour.

(a) These variations in practice may be regarded as experimental and be continued until it has been decided which of them is the most useful to retain. Generally speaking, it is geographical conditions which conduce to this variety of practice.

(b) With the reduction in the number of Investigation Centres the numbers in the Sub Inspectorate will be decreased; but on account of Sub Inspectors taking over most of the work of the Prosecuting Staff this decrease will be counterbalanced.

c) It is felt, however, that the employment of Sub-Inspectors in charge of Stores in District Police Offices is not necessary; these officers may as well be replaced by Clerks. The II clerical staff in District Police Offices may be strengthened to make up for the loss of these executive officers, whose number will be thus further decreased.

III (c) As has already been suggested, the grades of Jamadar and Duffedar will be amalgamated. It is proposed, however, to have two classes of these officers of which the

upper may continue to bear the distinctive title of Jemadar and be composed of officers qualified and fitted for promotion to the grade of Sub Inspector, while the lower which will retain the title of Duffedar, will consist of junior officers both qualified as above and unqualified. The qualified officers will be entitled to rise into the senior class; the unqualified will remain as duffedars in the lower class - receiving their promotions therein and up to its limits.

(d) It has been found possible to slightly reduce the combined strength of Jemadars and Duffedars by eliminating those regarded as superfluous.

(e) As regards constables, a further reduction in numbers may be effected in view of the better work expected of more highly paid and better qualified men. Already the effects of better treatment and better prospects have made themselves felt.

3. I append a note showing in detail the alterations it is proposed to introduce in the allocation of each district (STATEMENT A). I also append a statement -B- showing the strength of each district with the existing and proposed staffs and, incidentally, the total savings that will result.

4. In Statement B it will be seen that the number of Inspectors proposed to be retained is 96 including one it is proposed to add to the staff of the Provincial Training School, where, owing to the increase in the number of students, an additional Inspector is necessary. The merging of the 3 Special Scale Inspectors in the general cadre is also proposed. In my letter No. C.C. 19/31-32 dated 27th February, 1932, I propose 3 grades of Inspectors on Rs. 150, 125 and 100 respectively. I propose that 96 Inspectors be divided between these grades in the proportion of 1 : 2 : 3 giving 16 in the first grade, 32 in the second and 48 in the third. The number of Sub Inspectors proposed to be retained is 173. For these, 4 grades have been proposed and it is proposed to distribute this number

in the 4 grades in the proportion of 1 : 2 : 3 : 4 giving 18 in the first grade, 36 in the second, 54 in the third and 65 in the 4th grade, which allows for a small number below the stated number in the last class.

3) The number of Jamadars required will be 34 and the number of Daffedars 571 making the total of 605. This, it is proposed to divide into 2 classes, one, consisting of 2 grades, to be manned solely by officers qualified for further promotion and the lower, consisting of 5 grades, for officers without higher educational qualifications. To the upper class it is proposed to assign 10% of the total number, namely, 60; and to divide this class into 2 grades in the proportion of 1 : 2 while the second will be divided in the proportion of 1 : 2 : 3 : 4 : 5 amongst the different classes.

(b) It is proposed that in the Cities of Bangalore and Mysore the last class of Daffedar should be the 4th, i.e., the minimum pay will hereafter be Rs.23/- equal to that of the present last Grade Daffedar plus local allowance and that Daffedars of such grade should not draw local allowance. Should it happen, however, that a Daffedar of the 5th class be posted to any of these places, he be given an allowance of Rs.2/- to bring up his pay to Rs.23/-.

5. A comparative statement in the scales of subordinate offices will show graphically the beneficial effect of these proposals in respect of each grade :--

PROPOSED COST :-- Rs. 1,30,327 ~~1,30,663~~ per mensem.

SAVINGS:-- Rs. 19/- ~~23~~/- per mensem or Rs. 228/- ~~276~~/- per annum.

6. In the matter of raising the minimum pay of constables, the figures given in my letter No. A.C. 1095/31 dated 2nd April, 1932, have been found to be somewhat inaccurate owing to the discovery that increments have not been granted to constables under the existing rules at the time they should have been. Steps have been taken to rectify errors in this direction and as a result the number of constables on Rs. 14/- will be 911 and 724 on Rs. 13/-.

The consequent cost of rising the pay of all these constables to Rs.15/- will amount to Rs.2359/-, an amount which has already been provided in next year's budget.

7 (a) The number of Inspectors after reorganisation will be 96 and of Sub Inspectors 173 making a total of 269. The actual number of these officers calculated as on 1st July, 1932, will be 286 leaving an excess of 17 officers. Against this excess may be taken the fact that one Inspector is acting as Assistant Superintendent of Police, one is working in the Detective Department of the Kolar Gold Fields, where also ~~xxx~~ one Sub Inspector is employed, while 6 Sub Inspectors will be

on Special Duty on Sandalwood Protection Duty. One Inspector is also on other duty as Amildar. Another Sub Inspector is on other duty at the Chamarajendra Water Works (Thippagondanhalli); Still an other Sub Inspector is on other duty at Yelandur Jahagir. This will leave an actual excess of 5 officers which will disappear during the current calendar year owing to retirements. Meanwhile this excess will be utilized in acting and leave vacancies and so be absorbed.

(b) As against the 96 Inspectors who will hereafter be on Rs. 100/- and above there are now actually 6 in the 1st Grade, 7 in the second grade and 18 in the third grade. There will remain 65 officers to be promoted to the new 3rd grade, leaving 20 Inspectors who cannot be accommodated in the new Inspectorate. This excess will be absorbed in the Sub-Inspectorate. The three Inspectors now in the special grade of Rs.100/- and 100-5-125 and Rs.100+20, will be absorbed in the general cadre of Inspectors now proposed.

(c) The Inspectors who will have to be relegated to the Sub Inspectorate some will be above the new time scale for Sub Inspectors i.e., some may be on Rs.95/- or Rs. 85/-. In such cases the officers will be shown in the uppermost grade or grades of Sub Inspector and be given a personal allowance to bring their pay up to its present figure. Similarly, Sub Inspectors now on Rs.65/- and Rs.55/- will be shown in the new grades on Rs.60 or 50 with personal allowances, and Inspectors now on Rs.105/- will be shown on the Rs.100/- grade with a personal allowance; those on Rs.75/- will be shown as on Rs.70/- with personal allowance of Rs.5/- until such time as they may be promoted to a higher grade. Jamadars similarly will be shown on Rs.35/- or Rs.32/- with personal allowance of Rs.5 or Rs.8/- as the case may be.

8. In making promotions to the new grades of the Inspectorate, the principles formulated in my letter No.C.C.33 dated 16th April, 1931, and approved of by Government in their

Order No. P. 6737-8/Pol. 119-13-3 dated 20th April, 1931, will be adhered to as also in the case of promotions in the Sub Inspectorate. It is not, however, proposed to make such promotions en bloc but gradually and as the merit of officers warrants, care being taken to see that the funds allotted are not in any case exceeded.

9 (a) Advantage is also taken of the opportunity now afforded by the replacement of Sub Inspectors employed in Districts Police Offices by Clerks to redistribute the Clerks in these Offices in proportion to the number of officers employed in each district. The allotment now proposed is made on this basis. The proportion of clerks on the upper and lower scales will also be re-adjusted so as to give, a higher proportion in the upper scale than at present exists. It has been found that the general standard of the ability of Clerks in District Police Offices is low and it is desirable that the number of clerks in the upper scale should be increased so as to make a proportion of the upper to the lower approximately 1 : 2. Certain reductions may be effected as in the Office of the Inspector General of Police where one Clerk on the lower scale may be eliminated. The Assistant Superintendents at Davangere and Chennapatna will be allotted one clerk each in the upper scale instead of one in each scale.

(b) The strength of the offices proposed is portrayed in the statement below:--

NAME OF OFFICE.	125-10-175	100-5-125	70-5-95	50-5-75	50-4-70	30-3-45
1. Chief Office	1	2	3	1	6	5
2. Mysore District	-	-	1	-	3	6
3. Tumkur District	-	-	1	-	2	5
4. Shimoga District	-	-	1	-	2	4
5. Bangalore District	-	-	1	-	2	4
6. Chitaldrug District	-	-	1	-	2	4
7. Kolar District	-	-	1	-	2	3
8. French-Rocks	-	-	1	-	2	3
9. Kadur District	-	-	1	-	2	3
10. Hassan District	-	-	1	-	2	3
11. Bangalore City	-	-	1	1	2	3
12. Kolar Gold Fields	-	-	1	-	2	2
13. Railways & C.I.D.	-	-	1	-	1	2
14. Pro: Reserve Police	-	-	1	-	1	2
15. Pro: Training School	-	-	-	-	1	-
16. Chennapatna	-	-	-	-	1	-
17. Davangere	-	-	-	-	1	-
Total	1	2	16	2	33	51.

An addition of 2 Managers, 6 upper scale and 1 lower scale clerks are proposed in place of 11 Sub Inspectors who have been eliminated. (a) In explanation of these increases it may be stated that one of the managers is allotted to the office of the Railways and C.I.D. including the Finger Print Bureau wherein the work is steadily increasing and an officer of some responsibility is needed. (b) The other is proposed for the office of the Assistant Superintendent of Police, Provincial Reserve Police, who now has to deal with the force of 592 men for which the existing staff has proved inadequate. (c) Three Clerks, 1 on the upper and 2 on the lower scale will be added to the office of the District Superintendent of Police, Mysore District, this being an addition of 2 clerks to the staff actually in existence, 1 clerk having been temporarily added to this office in Government Order No. P. 4116-21 (1) 109-31-3 dated 23rd January, 1932.

(d) The other chief additions are 1 clerk on upper and 1 Clerk on lower to the Chitaldrug District; 1 Clerk on the upper scale to each of the offices at Kadur, Hassan, French-Rocks and Kolar Gold Fields Districts and one on the lower scale to the offices of the Provincial Training School, Tumkur and Bangalore Districts.

In making this calculation for this permanent additional staff, the temporary staff sanctioned in Government Order No. P. 4116-21 (1) 109-31-3 dated 23rd January, 1932, has been excluded since it will be disbanded as from 1st July, 1932.

(c) The extra cost involved in this change is Rs.608-12-0 per mensem which may be compared with the cost of the present 11 Sub Inspectors which may be calculated roughly on all accounts at Rs.690/- per mensem.

10. The actual cost of the proposed scheme including local allowance, uniform etc., is shown in the Statement "C" in which statement also is given the saving in numbers effected by the reallocation of the District Police Force.

It will be seen from this statement that no extra

cost to Government will result under these proposals - in fact, an actual balance of Rs. ~~224~~ 228/- per annum is shown in favour of Government, provided all the recommendations now made are accepted by Government.

11 (a) In the matter of Local Allowances those paid on the Kolar Gold Fields district present a problem. At present Jamadars and also Duffedars are paid Rs.10/-. In my letter No. G.C. 242/31 dated 1st February, 1932, I suggested that the allowance to Duffedars be reduced to Rs. 7/-. At ~~the~~ present the pay and allowance of Duffedars amounts in all to Rs.31 or Rs.34 according to the grade of the Duffedar. If the suggestion made in my letter mentioned is adopted the maximum pay and allowance of duffedars under the present proposals may amount to Rs.37, a not unsuitable figure. But with the increased scale of pay now proposed and with the local allowance at its present figure the total emoluments of Duffedars might rise to Rs.40. I would suggest that in the case of ~~future~~ future incumbents and also of present incumbents whose substantive pay is increased under the present proposals the maximum of combined pay and allowance be limited to Rs.37.

c) In the case of Jamadars the case will be somewhat different since under the present proposals the substantive pay is reduced, and the amount of combined pay and allowance will be Rs.42 or Rs.45. Such a figure will, I think, be appropriate in the case of future incumbents: present incumbents now drawing a total of Rs.50 may be allowed to continue to draw that amount and be shown as on a pay of Rs.35/- with a personal allowance of Rs.5/- and a Local allowance of Rs.10/- or Rs. 32 with a personal allowance of Rs. 8/- and a local allowance of Rs.10/-.

d) The local allowances paid to Subedars, Havaldars and Naiks of the Provincial Reserve Police serving on the Kolar Gold Fields will be on the same scale,- Subedars being classed as Jamadars and Havaldars and Naiks as Duffedars for this purpose.

The changes proposed may in such matters cause some inconvenience and complicate accountancy but these will be temporary and be removed as the existing class of Jamadar is eliminated.

(b) With the raising of the pay of Inspectors to the minimum of Rs.100/- the question of the continuance of the malnad allowances now paid in the Saklespur, Mudigere and Koppa Taluks requires consideration. I have made a recommendation in my letter No. G.C. 242/31 dated 1st February, 1932, that with this increase of pay these allowances might cease to be paid and pose the matter for the consideration of Government. I do not, however, suggest, that these officers should not receive these allowances if similar payments are made to officers of other departments on the same salaries, there being no reason why police officers should not be on a par with other Government servants in this matter.

(c) In the case of Traffic Head Constables of whom there are three in the Cities of Bangalore and Mysore on the scale of pay of Rs.50-5-75, I have taken the opportunity of raising the scale ~~of~~ to Rs. 50-5-80 and have allowed for the payment to these officers a house rent at Rs. 10/- each per mensem. It is desirable that these officers should be put above want.

12. The raising of the minimum pay of Constables to Rs.15/- will mean that the whole Constabulary, saving a few men who are under Government Order No. P.1093-4 Pol. 65-30 dated 22nd August, 1930, drawing a personal allowance of Re.1/-, will be on the same pay. Proposals for a future incremental system of pay will be made separately: for the moment the object in view must be the offer of a more attractive initial pay.

I trust that the proposals made will meet with the approval of Government and would request that the scheme formulated may receive their early attention and orders so that what may be termed a new era for the subordinate police may be

speedily established.

I have the honour to be,

Sir,

Your most obedient servant,

INSPECTOR GENERAL OF POLICE.

Statement "A"

STATEMENT "A"

BANGALORE CITY :--

The only alterations made in this District is the addition of one Sub Inspector for political work and the transfer from it of the Huzur Treasury Guard, the work of which can be more appropriately done by the Provincial Reserve Police, to which the strength required for this guard is transferred. Two constables have been reduced from the strength of the Vaiyali-sikhara Out Post due to the transfer of the Hebbal Rifle Range to Agaram.

BANGALORE DISTRICT :--

Owing to the transfer of the shooting Range from Hebbal to Agaram it has been found necessary to transfer the Station at Varthur to Agaram retaining an Out-post at Varthur.

It is proposed to move the Station at Jaragan-halli to Bangalore as at the latter place the Station House Officer will be more centrally situated to his limits.

It is proposed to place the Chennapatna and Closepet Taluks under one Inspector as this may be conveniently done. It is also proposed to redistribute the Station charges in Chennapatna Taluk, converting the Station at Akkur into an Out-post and giving each of the two Stations at Chennapatna jurisdiction over roughly half the taluk. The Bidadi Station in the Closepet Taluk will also be converted into an Out-post and the whole Taluk brought under the jurisdiction of Closepet Taluk.

In the Devanhalli Taluk the conversion of the Jala Station into an Out-post is proposed, the investigation work there being very light. The Taluk

will then have one Investigating Centre at Devanhalli, which will be in charge of a Sub Inspector, the Inspector having jurisdiction over the whole Taluk.

The strength of the Stations and Out-posts have been readjusted where necessary.

MYSORE DISTRICT :--

In Mysore City the only changes will be the separation out of the Traffic Branch and the amalgamation of the two Crime Centres into one in the interests of better work.

The strength has been reduced by one Sub Inspector set apart for political work.

In Mysore Taluk, Yelwal Station will be converted into an Out-post since the Crime and its distance to Mysore City does not warrant the retention of a Station there.

In the Heggadadevankote Taluk, where the Crime is very light, the Inspector will be placed in charge of the Kasba Station as well as the whole taluk. A similar arrangement will be introduced in the Yedathore Taluk. The Periyapatna Sub Taluk will be placed under the Inspector at Hunsur. The Out-post at Kakankote will be abolished and the strength of Antharasanthe Out-post and Sargur Stations will be increased by two Constables each. The retention of the Out-post at Kakankote is not found necessary continuously owing to men falling ill constantly and the building will be used as a beat post, the strength being sent from Antharasanthe Out-post or elsewhere in the District as occasion requires.

FRENCH-ROCKS DISTRICT :--

The Mandya and Maddur Taluks will be combined into one Inspector's charge; otherwise little change is effected in this district beyond a re-arrangement of

the strengths of the Stations.

CHITALDRUG DISTRICT :--

The chief change in this District is the transfer of the Station at Maskal to Abbinahole which has been found in practice to be the suitable centre. in this part of the Hiriyur Taluk. This move will render the Out-post at Dharmapur unnecessary.

HASSAN DISTRICT :--

In this district the Alur Sub Taluk will be brought under the Inspector at Hassan. In the Arsikere Taluk, the station at Gandasi will be converted into an Out-post and its limits re-distributed between Arsikere and Banavar Stations.

The Arkalgud and Holenarsipur taluks will be combined into one Inspector's charge, and a Sub Inspector placed in charge of Holenarsipur Station.

In the Chennarayapatna Taluk, the Out-post at Mudnahalli will be moved to Bagur.

KADUR DISTRICT :--

In the Chikmagalur Taluk, the Out-post at Muthodu is changed to Jakkanhalli there being no work at Muthodu.

Chikagrahar Out-post in the Narasimharajpur Sub Taluk is abolished having been found unnecessary.

The Inspector at Koppa will have supervision over the Narasimharajpur Sub Taluk also, the Sub Inspector therein being in charge of the whole of the Sub Taluk.

TUMKUR DISTRICT :--

The Jamadar hitherto attached to the Tumkur Kasba Station will be eliminated as superfluous.

In the Tumkur Taluk the Out-post at Beladhara is proposed to be moved to Urdigere, where one has been found to be more necessary.

The Inspector at Koratagere will be replaced by a Sub Inspector who will be in the jurisdiction of the Inspectorate at Madhugiri.

Midigesi Station in Madhugiri Taluk will be converted into an Out-post with a strength of 1 Daffedar and 4 constables.

Turuvekere Sub Taluk will hereafter form part of the charge of the Inspector at Tiptur.

In the Chiknaikanhalli Taluk, the Out-post at Bylappana Mutt will be abolished as not being required.

In the Pavagada Taluk an Out-post is proposed to be newly opened at Tirumani which is situated in the peninsular tract cut out from the rest of the Taluk and bounded on all sides by the British border.

SHIMOGA DISTRICT :--

The changes in the Shimoga District are the conversion of the Station at Nyamthi in Honnali Taluk into an Out-post and the abolition of the Ambligola Out-post in Shikarpur Taluk.

The Kumsi Sub Taluk with a Sub Inspector will be under the supervision of the Police Inspector at Shimoga.

KOLAR DISTRICT :--

In this district the Sub Inspector at Gudibanda will hereafter be under the supervision of the Inspector at Bagepalli. This is the only change of any importance to be made in this district. The strength of the Stations have been slightly re-adjusted.

KOLAR GOLD FIELDS :--

Owing to the abolition of the Balaghat Gold Mining Company, the strength of the constables in the

Out-post at Balaghat may be reduced to 6, 4 constables from the present strength of 17 constables being added on to Robertsonpet Station, and 7 constables being retrenched.

The staff at Bowringpet is reduced by 2 constables and at Bethamangala by one.

The Jamedar now employed at Sakkonapalli will be transferred to Nilgiripalli where the task of supervising criminal gangs is of importance. Sakkonapalli Out-post being close to Kamasamudram can have its Jamedar replaced by a Duffedar and be looked after by the Sub Inspector at Kamasamudram.

RAILWAYS :--

Certain changes will be effected in the Railway Police allocation and the strength reduced by one Duffedar.

PROVINCIAL TRAINING SCHOOL :--

An addition of one Inspector and 2 Drill Instructors have been now made to the present strength owing to the increase in the number of officers under training in the School.

CRIMINAL INVESTIGATION DEPARTMENT AND ANTHRO :--

No change.

PROVINCIAL RESERVE POLICE :--

The Provincial Reserve Police will take over the Huzur Treasury Guard in Bangalore from the Bangalore City Police and have its strength suitably increased.

GENERAL :--

In each district the Prosecuting staff will consist of 1 Inspector the balance of the Prosecuting officers being Sub-Inspectors. The Sub-Inspectors in charge of the Stores in each District will be removed and the strength of the clerical establishment of the

37

offices adjusted to compensate for their loss. In all districts except the Bangalore and Mysore Cities and Kolar Gold Fields proper, the Vacancy Reserve will be maintained at the common level of 6¼% on the total strength of the Constables, Daffedars and Jamedars.

May this be published in the Gazette & placed on the Press Table.

19/10/32

The I.G. of Police has made the following proposals for the reorganisation of the Subordinate Staff of the Department and for improvement of their pay.—

1. Inspectors

The number of Inspectors will be reduced from 116 to 96. There will be three grades on Rs. 150 125 and 100, the number of officers in each grade being 16, 32 and 48, the three Inspectors now in special grades will be absorbed in the regular grades.

2. Sub Inspectors.

The number of Sub Inspectors will be reduced from 176 to 173. There will be four grades on Rs. 80, 70, 60 and 50 in place of the existing two grades on Rs. 65 and 55,

the number of officers in each grade being 18 36, 54 and 65 respectively.

3. Jamadars and Daffedars.

The grades of Jamadars and Daffedars will be amalgamated. There will be two classes of these officers, the upper continuing to have the distinctive title of Jamadar and composed of officers qualified and fitted to the grade of Sub Inspector, while the lower which will retain the title of Daffedar, will consist of junior officers both qualified as above and unqualified. The qualified officers will be entitled to raise into the senior class; the unqualified will remain as Daffedars in the lower class, receiving their promotions therein and upto its limits.

(a) Jamadars.

The number of jamadars will be raised from 32 to 60. There will be two grades on Rs. 35 and 32 in place of one on Rs. 40, the number in each grade being 20 and 40 respectively

(b) Daffedars.

The number of Daffedars will be reduced from 584 to 545. There willbe five grades on Rs. 30, 27, 25, 23 and 21, instead of the two grades on Rs. 24 and 21, the number in each grade being 36, 72, 108, 144 and 185 respectively. If Daffedars of the fifth grade are posted to the Cities of Bangalore and Mysore they will get an allowance of Rs. 2 to make up a salary of Rs. 23/-.

4. Constables

The basic pay of the constables will be

42

raised from Rs. 13/- to 15/- so as to make the initial pay more attractive. The personal allowance of Re 1/- each which some 428 constables are drawing in addition to the pay of Rs. 15/- will be continued to them. The total number of constables will be reduced from 5160 to 4922.

5. It is reported that the proposals are expected not to will not involve any material addn cost to the police budget since the existing staff will be reduced and the funds necessary for the increased pay found. The reduction of the Inspectors by the reduction of in the number of Inspectors by 20 is accomplished chiefly by giving one Prosecuting Inspector to each District and manning the rest of the prosecuting staff with Sub Inspectors. In addition, certain Taluks will be combined for the purposes of Police Administration and placed in charge of one Inspector such as viz (1) the Madhugiri and Koratagere Taluks in Tumkur District (2) the Arkalgud and Hole-narasipur Taluks in Hassan District (3) Channapatna and Closepet Taluks in Bangalore District and (4) Mandya and Maddur Taluks in Mysore (French Rocks) District. All Sub Taluks to secure the supervision of the Inspectorate will be merged in the supervision of the Taluks to this extent in the Taluks of which they originally formed part. are attached

The number of Sub Inspectors will be reduced by 3. The number of investigating centres will be reduced and the Sub Inspectors in charge of stores in District Police Offices will be replaced by clerks. This reduction in the number of Sub Inspectors will more than

counterbalance the increase in this class of officers on account of the ~~introduction~~ appointment of prosecuting Sub Inspectors.

There will be a decrease ~~by eight~~ of eleven in the number of Jamadars and Daffedars combined.

The number of constables will be reduced by 23. The proportionsof vacancy Reserve will be made uniform ~~at~~ eight and one third per cent in Cities and the K.G. F. proper and six and one fourth per cent elsewhere. ~~thereby effecting a saving in men.~~ the numbers.

6. The Huzur ~~Guard~~ Treasury Guard duty will be transferred to the Provincial Reserve Police involving an increase in the strength of that force by 2 Naiks and 13 Constables, the strength of the Bangalore City Police being reduced to that extent.

7. On account of the replacement of the Sub Inspectors in charge of the Stores in District Police Offices by clerks, the clerical staff has to be increased by 9 hands viz. two first class clerks on Rs. 70-5-95, 6 second class clerks on Rs. 50-4-70, and one third class clerk on Rs. 30-3-45.

8. The grade pay of the three Anglo-Indian Head Constables who are now in grade 50-5-75 will be raised to 50-5-80.

The above proposals ~~which make~~ for ~~considerable improvement~~ improving in the pay and prospects of the Subordinate Staff of the Police Department are generally on the lines tentatively accepted by Government in their Order dated

4-5-1932 read above and meet with their approval. It is observed that there will remain an excess of Inspectors owing to the reduction of the number in that grade, and the officers in excess will be absorbed in the Sub Inspectorate. The excess in the number of officers taking the Inspectors and Sub Inspectors together, is expected to disappear during the current calendar year by retirements, and in the mean while it will be utilised in acting and leave vacancies and ~~so absorbed~~, and of this place on special duty Inspectors,

Sub Inspectors, and Jamadars whose present pay does not coincide with any of the grades of these officers in this reorganisation will be given an absorbable personal allowance as to bring their total emoluments up to the pay now drawn by them.

The I.G.P. does not propose to make these promotions to the new grades en bloc, but gradually as the merit of officers warrants, care being taken to see that the sanctioned budget grant is not exceeded.

. The ~~~~ is requested

Government are pleased to sanction these proposals with the direction that, to the extent extra expenditure due to the retention of supernumararies and the grant of personal allowan is to be incurred, a corresponding saving should be effected by leaving some of the higher places in the several classes of officers vacant. Keeping this consideration in view,

The I.G. of Police is requested to allocate officers and men in the new grades in

4-5

accordance with these directions and to forward an allocation statement for the approval of Government through the Comptroller. Proposals for promotions to the places kept vacant should be forwarded to the Government from time to time indicating the corresponding reduction in personal allowances and supernumararies. Orders filled up only when extra cost can be met by a

Orders will issue separately regarding the question of allowances referred to by the I.G. of Police.

The statement showing the redistribution of the Subordinate Staff as approved by Government is appended hereto.

1. Inspectors-

7. On account of the replacement of the Sub Inspectors in charge of the Stores in District Police Offices by clerks, the clerical staff has to be increased by nine, viz. two first class clerks on Rs.70-5-95, six second class clerks on Rs. 50-4-70, and one third class clerk on Rs.30-3-45.

8. The grade pay of the three Anglo Indian Head Constables who are now in grade 60-5-75 will be raised to 60-6-80.

The above proposals for improving the pay and prospects of the subordinate staff of the Police Department are generally on the lines tentatively accepted by Government in their Order dated 4-5-1932 read above and meet with their approval. It is observed that there will remain an excess of Inspectors owing to the reduction of the number in that grade, and the officers in excess will be absorbed in the Sub Inspectorate. His Highness the Maharaja of Mysore,

To
5 DEC. 1932
R. Ranga Rao Esq., B.A., B.L.,
Chief Secretary to the Government of Mysore,
Bangalore.

Sir,

I have the honor to forward herewith the allocation statement of Police Inspectors, Sub Inspectors and Jamadars in duplicate received with letter No.C.C.19/31-32 dated 22nd November 1932 from the Inspector General of Police, agreeably to Government Order No.2236-46/Pol.208-31-5 dated 21st October 1932 with the following observations:-

(1) The allocation statement proposed by the Inspector General of Police takes into account only the extra cost on account of Inspectors, Sub Inspectors and Jamadars. The other portions of the re-organisation scheme viz., those relating to the Duffedars, Anglo-Indian Head Constables, Provincial Reserve Force and extra clerks sanctioned in place of Stores Sub Inspectors are not taken into account. It will not be possible to arrive at the total extra cost unless all the items are taken into account.

(2) According to the Revised scheme sanctioned by Government, the net extra cost excluding the question of allowances reserved for separate consideration, works up to Rs 6,204/- Vide statement attached. It will be seen that the extra cost on account of increase of pay in the grades of Inspectors and Sub Inspectors is mainly dependent upon the reduction in the number of Duffedars and Constables and it is necessary that items from which savings are expected be given effect to simultaneously with the increase of pay proposed in the other cases. No mention is made in the proposals of the Inspector General of Police as to the date from which the reductions will be

given effect to.

(3) It is observed that for purposes of working out actual cost in each grade, only the number of men actually on duty is taken into account. Though there is no objection to limit it to the actual number promoted against the sanctioned scale, it is necessary that in the case of persons acting in higher grades in short vacancies, their pay should be provided for in the respective places as the acting appointments may cease at any time and as soon as the officers revert from their acting appointments, the cost will increase. Similarly in the last class of Inspectors and Sub Inspectors, only the actual salary drawn by the acting men has been taken in respect of 22 and 5 appointments respectively. It is necessary to provide at least the minimum pay of the grades in such cases.

(4) In para 3(b) of the Government Order dated 21st October 1932, it is stated that if the Duffedars of the 5th grade are posted for work in the Cities of Bangalore and Mysore they will be given an allowance of Rs 2/- to make up the salary of Rs 23/-. The number of Duffedars that may be so posted and the probable extra cost on this account has to be ascertained.

(5) The proposed scale provides for grant of personal allowance to 428 Constables only as against 580 now drawing the said allowances. It is not clear whether 152 constables drawing Personal Allowance are included in the total number of 239 Constables proposed to be reduced from the total scale.

(6) The following are the other points noticed:-

(a) In the allocation, the order of seniority does not appear to have been followed in many cases and some of the officers drawing higher salaries have been provided with places on lower pay without any personal allowance; while some others are proposed for a permanent pay equal to their present pay plus acting allowance. For example, Messrs. M.S.Anniah and

8957

K. Munisami Mudaliar ~~etc.~~ are deprived of their acting allowances or portion thereof while Messrs. Hamid Hussein and C.R. Subba Rao are proposed to be confirmed on their present salaries.

(b) Messrs. T.S. Chandrasekhariah and V.Lakshminarasimiah who were reduced to Rs 95/- and Rs 65/- respectively are now provided with salaries of Rs 100/- and Rs 70/-

(c) Many of the Inspectors now drawing a salary of Rs 75/- and Rs 85/- are provided with places on Rs 100/- in preference to those drawing Rs 95/- and 85/-, who are proposed to be given Personal Allowance in the grade of Sub Inspectors and continued as acting Inspectors. Extra cost due to the grant of Personal Allowance in such cases can be reduced by adhering to seniority and proposing persons of higher salary to posts carrying the higher salary.

I have the honor to be,

Sir,

Your most obedient servant,

M. Venkatachalam

SECRETARY
7 JAN. 1933

Sir,

I have the honour to state that Government in their Order No.P.2236-46/Pol. 208-31-5 dated 21st October, 1932 sanctioned my proposals for the re-organisation of the Police Department and para 4 thereof (which is reproduced herebelow for ready reference) deals with the pay that the constables in the force have to get.

---

4. Constables.

The basic pay of the constables will be raised from Rs.13/- to Rs.15/- so as to make the initial pay more attractive. The personal allowance of Re.1/- each, which some 428 constables are drawing in addition to the pay of Rs.15/- will be continued to them. The total number of constables will be reduced from 5161 to 4922.

In view of the fact that in this Government Order the basic pay of the constables has been raised to Rs.15/-, the same was claimed in the bills of the Districts and in Bangalore City. The Comptroller has taken objection to this course being adopted. Government have stated in their letter No.P.3576/Pol. dated 27th December, 1932 that pending issue of orders on the allocation statement of the Police Inspectors, Sub Inspectors and Jamedars now before them, such officers may be allowed to draw pay at the old rates.

In all probability the Comptroller to Government has mistaken this reference to mean that even constables should continue to get the old rate of pay, ignoring the fact that their basic pay is raised to Rs.15/- from the date on which

the Government Order of the 21st October, 1932 was given effect to.

I therefore request that Government may be pleased to inform the Comptroller not to disallow any claim in respect of the constables whose basic pay is already fixed at Rs.15/- per mensem.
